Our Mission Statement:

To provide a safe, caring environment where every woman facing a crisis pregnancy can receive information, education and practical assistance in order to eliminate the crisis and choose life for her baby; and to inspire others to embrace sexual health and integrity.

Transformed by Love and Caring

Many of our clients come to us with feelings of intense anxiety and fear about the future. Because of your partnership, we're able to meet them in their time of need and provide hope.

Some, like Vicky, have so much anxiety and stress that she broke down in tears in the nurse's office on her first visit. She says, "Everyone there was so helpful and caring, and I really felt like I could talk to them."

Danielle's experience at the clinic was life-changing. As she puts it, "I was absolutely lost about the direction of my next steps. My nurse was amazingly helpful, and I feel more calm now."

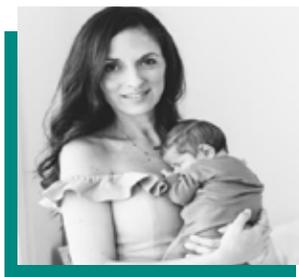

Maria has a young son, and when she found out she was pregnant she was devastated and felt her situation was too unstable to bring another child into the world. She needed a place to express her concerns and offers her gratitude. "Thank you so much for giving me a place to vent and talk about all my fears. The positive energy was encouraging, and I was so relieved and grateful."

Your support makes stories like these possible!

Because of you we raised over \$50,000 to support the free services and programs offered by the Center to women and families in the community. Thank you for helping us continue our work to help every mother in a crisis pregnancy with compassion and encouragement.

Comments from walkers: "Every life created in God's image deserves an advocate." "I want to help the Center that helps women make informed, life-affirming choices."
