Our Mission Statement

To provide a safe, caring environment where every woman facing a crisis pregnancy can receive information, education and practical assistance in order to eliminate the crisis and choose life for her baby; and to inspire others to embrace sexual health and integrity.

Will You Take A Step With Us?

Take a step towards helping women choose life!

Join us on **Saturday, May 16th, at Veterans Park, Redondo Beach for the 33rd Annual Walk for Life South Bay.**

For one third of a century we have been faithful to walk those important three miles along Redondo Beach because every step

matters as we work to protect and defend the value of all preborn life.

It's a great way to support the Center to ensure we can continue offering free services to the community, as well as get your morning exercise. We encourage you to form a team, bring your family and friends, and come celebrate with us!

WHY WALK?

Your support helps us serve more young women who are considering abortion and gets us closer to becoming a preferred alternative to the South Bay abortion providers. You'll literally be taking steps to close the gap between the 2,900 estimated abortions in the South Bay and the number of women we serve each year. Let's have a record number of teams and walkers this year!

HOW CAN I PRE-REGISTER ONLINE?

Visit supportphctorrance.org and click on the **Walk for Life South Bay** logo; it takes you to the registration page. If you prefer, use the **enclosed walker registration form** and bring it and any donations with you to the Walk on May 16th. Your support saves lives. #walkforlifesouthbay

How Are We Doing?

Many of the young women who are clients at the clinic and use our services belong to Generation Z. They use their mobile devices for everything from watching movies to booking appointments and decide on their service providers based on reviews they see on apps and websites.

The Clinic is listed in many online directories and apps such as Yelp, Google Places, Instagram and Facebook.

We recently launched a new system that allows our clients to leave a review for us after they've filled out a survey on how we served them. The survey helps us evaluate ways we can improve our services.

I was very nervous and scared and after walking in there I felt more at ease. Everyone there is super sweet and helpful. I honestly think there should be more centers like this!
Glad I found them.

We're pleased to report that we've had all five-star reviews since launching this system at the beginning of the year! The reviews will also be at **phctorrance.org** soon so potential clients can read them as they're considering us.

We're working hard to provide a caring, helpful and professional environment for our clients.
