

**Dear Church Friends,**

**Please join us for a Baby Bottle Campaign! Together we can help mothers choose life for their preborn children.**

### **Baby Bottle Campaign—How It Works**

1. Your church and the liaison from the Pregnancy Help Center choose a weekend to hold the campaign.
2. The Center will furnish empty baby bottles and with the help of Center/church volunteers, bottles will be distributed at the end of all weekend services or Masses. Each bottle shows the collection date (usually three weeks later).
3. The Center supplies bulletin announcements to be published during the campaign.
4. The Center provides speakers/volunteers to make a brief pitch about the campaign during the service or Mass announcement period if permitted.
5. Center/church volunteers collect the bottles on the pickup date.

All funds go directly to help continue providing free services like pregnancy testing and ultrasound exams to women in the South Bay.

**We honor and respect life every day.**
